

Nominations for the Pete Reicks Leadership Award Guidelines

The Pete Reicks Leadership Award, given by Rocky Mountain Performance Excellence, recognizes an individual whose performance excellence leadership and behaviors provide a role model for others. Performance excellence is not an individual achievement, nor a finite feat, but an organization's intentional ambition for performance excellence requires strong vision and leadership. This award recognizes leaders who have notably contributed to the RMPEX vision to ignite, equip, and accelerate all organizations to achieve sustainable excellence.

RMPEX created the Pete Reicks Leadership Award in 2021, to honor an influencer, leader, and friend who challenged us all to be better every day. Pete Reicks personified the core values of RMPEX and the Baldrige program, leading Elevations Credit Union to national Baldrige award recognition twice and serving as a RMPEX Board member. Those organizations and leaders across the country who were dedicated to excellence using the Baldrige criteria were certainly inspired and impacted by Pete's knowledge and enthusiasm. Everyone who worked alongside him certainly was. After a long and courageous battle with a rare form of cancer, Pete Reicks passed away in May of 2021 at the age of 48.

RMPEX Vision: Ignite, equip, and accelerate all organizations to achieve sustainable excellence.

RMPEX Mission: To provide Baldrige based guidance and support in partnership with our role-model community.

RMPEX Values: Passion, Respect, Integrity, Demonstrated Expertise, and Excellence.

Nominations for the year 2022 are due by July 29, 2022. Please complete all areas of the nomination form for the nomination to be considered by the RMPEX board of directors. The selection of any award recipient is the sole responsibility of the RMPEX board of directors. All decisions of the board are final.

All nominees must excel in the following requirements:

- Nominees shall exemplify leadership aligned with the RMPEX vision, mission, and values in their engagement with other organizations and individuals inside the RMPEX and BPEP communities.
- Nominees shall be representatives of the Rocky Mountain Performance Excellence Communities of Practice including the Sustainable Excellence Community of Practice, the Expedition to Excellence Community of Practice, and the Examiner/Faculty Community of Practice.
- Nominees may not be active members of the RMPEX board of directors or a compensated member of the RMPEX workforce in the year they are nominated.
